Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 11 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Low cloud and drizzle overnight. Drier and brighter on Thursday.

This Evening and Tonight:
Low cloud and some hill fog will move in from the northwest through this evening and overnight. Outbreaks of light rain and drizzle developing in places, though many areas staying dry. Mild. Minimum temperature 13 deg C (55 deg F).

Thursday:
A largely cloudy start to the morning, with some rain and drizzle in places. However, it will brighten up from the west as the day progresses, with some sunshine developing. Maximum temperature 22 deg C (72 deg F).

Outlook for Friday to Sunday:
A dry start on Friday, though an increasing risk of rain later in the afternoon. Rain clears Saturday to leave a bright day. Cloudier again on Sunday with light rain.
